

## **Kids Beating Cancer Pediatric Marrow Transplant Center**

---

### **“My Room” Program**

To provide children ‘safe, fun, and comfort’ during their marrow or blood stem cell transplant at the Kids Beating Cancer Pediatric Transplant Center at Florida Hospital for Children we have a program, “My Room”, a customized, themed hospital room done according to each child’s decorating preferences, such as Disney Princess, Toy Story or Orlando Magic with comforters, pillows, posters, games, and toys corresponding with the theme and other age appropriate items. The transplant process can be lengthy, coupled with an extended stay away from the familiarity and comfort of the child’s own space, often causing children to become very homesick. The “My Room” program hopes to alleviate this by allowing patients to put their distinct fingerprint on the room they will be calling home for many weeks, sometimes months.

### **Would you like to Sponsor a “My Room” for a child?**

**Contact us at (407) 894-2888 or (866) 800-HOPE or email [cc@kidsbeatingcancer.com](mailto:cc@kidsbeatingcancer.com)**
